# KNOW-HOW & TECHNICS

**PROTECTION  
FOR YOU  
AND YOUR  
CUSTOMERS**

One of the foundations of our FOLIATEC.com success are our high expectations concerning the quality of automotive window films. Highest quality, special care during production and a constant supervision go without saying.

## FOLIATEC.com FILMS INCLUDE:

- tinted films
- tinted films with heat protection
- protection films
- car body design films
- paint protection films
- glare stripes

## TOP-CLASS BRANDED PRODUCTS

FOLIATEC.com automotive window films impress by their design, glare-, privacy-, shattered glass-, heat- and UV-protection and scratch resistance. Permission of installation is granted by the Federal Motor Transport Authority and our films are exempt from licensing requirements.

# TESTED & APPROVED:

# EXCLUSIVELY AT FOLIATEC.com

AUTOMOTIVE WINDOW FILMS APPROVED AND CERTIFIED ON FRONT SIDE WINDOWS

## POSSIBLE, THANKS TO FOLIATEC.com!

In addition to safety by automotive window films on the rear and rear side windows, FOLIATEC.com can offer an all around protection against UV-radiation, break-ins and shattered glass in case of a crash by installation of the SECURLUX® Protection film on your front side windows.

## THE "FOLIATEC® TLG 43A"

The luminous transmittance tester „FOLIATEC® TLG 43A“ ensures a measurement of automotive windows in an „installed position“ according to regulation ECE R43. Thus, the installation of the SECURLUX® protection film on front side windows can be enlisted in your vehicle documents by an officially certified expert.
