AUTOMOTIVE WINDOW FILMS

AUTOMOTIVE WINDOW FILMS BY FOLIATEC.com ARE TOP-CLASS BRAND PRODUKTS WITH MANY IMPRESSIVE HIGH-QUALITY FEATURES.

FOLIATEC.com films, made of solid-coloured and multi-layered polyester (PET), are extremely scratch-resistant thanks to special layering technology and feature high-strength acrylic resin adhesive.

FOLIATEC.com films are design-approved by the German Federal Bureau of Motor Vehicles and Drivers (general design certification) and **therefore do not require registration**. Permits also exist in many other countries.

FEATURES

- PERSONALIZED LOOK
- SHATTERED GLASS PROTECTION
- BREAK-IN PROTECTION
- HEAT PROTECTION
- UV-A-, UV-B- & GLARE PROTECTION
- PRIVACY PROTECTION

**STYLING

SAFETY**

RESIDENTIAL FILMS

FOLIATEC.com RESIDENTIAL FILMS OFFER MANY DIFFERENT ADVANTAGES, DEPENDING ON THE TYPE OF FILM YOU CHOOSE.

Light, friendly spaces are highly desirable both at home and at work. Often, this is achieved with large window surfaces.

Nevertheless, there can be an overkill of those advantages. In such cases, you may want to think about upgrading the following:

APPLICATION AREAS

- VALUE UPGRADE OF THE BUILDING
- INCREASED SAFETY
- ENERGY CONSERVATION
- INCREASED PRIVACY
- UV-PROTECTION
- IMPROVED WORKING CONDITIONS
- DECREASE IN SUN GLARE

CAR BODY DESIGN FILMS

FOLIATEC.com CAR BODY DESIGN FILMS PRESENT A QUICK AND COST-EFFICIENT POSSIBILITY TO IMPLEMENT A NEW LOOK.

The glossy effect of the carbon films achieves a deceptively realistic carbon-look – at first glance it is very difficult to tell the difference between a film-covered bonnet and a real carbon finish.

The multi-layering of this film ensures exceptional three-dimensional adhesion. This guarantees effective coverage even of very curved surfaces. The film features a permanent acrylate adhesive – providing perfect adhesion.

ATTRIBUTES

- HIGHLY RESISTANT TO ENGINE OIL, HYDRAULIC OIL, DIESEL, PETROL, ETC.
- CAR WASH-SAFE & WEATHER-RESISTANT
- 3D-FITTING WITH PERFECT ADHESION

**RACING
TESTED!**

PAINT PROTECTION FILMS

FOLIATEC.com PRESENTS AN INNOVATIVE PROTECTION COAT FOR VEHICLE PARTS AT RISK.

The PVC film is completely transparent and offers reliable protection for all parts of the vehicle that are at risk from damage caused by scratches, stones, insects etc.

This super-transparent and high-gloss PU film accentuates your vehicle's high-quality finish. It stretches easily, facilitating application even to very curved surfaces. The material's exceptional impact resistance ensures it can withstand even very strong force.

ADVANTAGES

- PROTECTION FROM SCRATCHES & STONE CHIPS
- PROTECTION FROM DAMAGE BY INSECTS
- WEATHER- & UV-RESISTANT
- NO YELLOWING OR CRACKING
- REMOVABLE WITHOUT RESIDUE

ADVANTAGES, ADVANTAGES!
